

**RESOLUTION 04-19-90-2**  
**AFFIRMING THE STABILITY OF THE ROAD SYSTEM**

Whereas Johnson County is one of the counties in the State of Iowa that is increasing in its population; and

Whereas there is a growing tendency for persons in Johnson County to prefer to develop lots for building purposes; and

Whereas improvement of currently non-improved roads to standards dictated by the state of Iowa for Secondary roads is expensive;

Now, therefore be it resolved that any person who develops a rezoned and subdivided lot in Johnson County should first be aware of the existing secondary road conditions serving that tract of land, and should act under the presumption that said road in all probability will continue in its present condition. Private interests or adjacent landowners may underwrite the costs to bring said road up to minimum state standards which includes providing the necessary right-of-way, moving fences, grading, culverts, surfacing, and other items that may be needed to provide an improved road. These improvements can be achieved by permission of Johnson County per the **Iowa Code**, Section 319.14, and by Johnson County Resolution 08-10-89-2. However, if this tract of land is located on a road that has been designated as a Level B road per Resolution 04-05-90-1, Johnson County will provide no more services than stated in Johnson County Ordinance 02-08-90-1. If possible, consideration should be given to the prospect of agreeing that said road be closed by Johnson County and maintained by the residents owning land abutting said road to county subdivision standards as a private lane.

My (our) signature on this document indicates that I have read the above road policy of Johnson County, Iowa, and understand the contents of the above shown policy, and that the zoning, or subdivision, action that is being taken by me (us) would be subject to the above Resolution by the Johnson County Board of Supervisors.
