Dear Committee Members:

I am interested in serving on the Johnson County Board of Supervisors because of my past experience as a city councilor and my desire to help keep Johnson County as one of the best places to be in Iowa. I have been a proud resident of Iowa all of my life except for time served with the military and have resided in Johnson County for over forty years. I believe that I could do even more for Johnson County by serving as a member on the Johnson County Board of Supervisors.

Sincerely,

Ron Bandy
